Re: Fee Increase Notice

Dear Licensee:

The Board recently approved increasing fees for full and temporary licensees. The fee increases have been approved by the General Assembly, renewal and extension fees for licensees will increase to \$125 annually. Fees for new applicants will increase as well such that total charges to apply and receive a license or temporary license initially will now total \$175. These fee increases represent an increase of \$50-\$75 per licensee depending on your status as a temporary or full licensee. These fees do not include any assessment for late applications or reinstatements.

The increase in fees is necessary to create the revenue needed in order to allow the Board to continue to operate. Approximately one year ago, the Office of Occupations and Professions, the state agency which provides administrative services to the Board, altered its funding formula used to determine the amount it charges its respective Boards for administrative services. This change resulted in a large increase in the administrative fee that the Board is required to pay that entity.

You are being notified so that you will be aware when you are renewing or extending your license as well if you are applying for Temporary or (full) Licensure! Please refer to website (<http://kbi.ky.gov>) for further information!

You may contact the Board for more information. Thank you for your attention to this matter.

Yours very truly,

A handwritten signature in black ink, appearing to read "Tim Owens", with a long horizontal flourish extending to the right.

Tim Owens  
Board Chair
